

Caution: Keep out of reach of children. May cause irritation of skin and eyes. If spilled on skin, rinse with water. In case of contact with eyes, flush with water for at least 15 minutes.

Conditions of Sale: Manufacturer's and seller's obligation is limited to replacement for the quantity of defective material only. Neither seller or manufacturer shall be liable for any direct or collateral damages arising from the use, or misuse of Bio-Plex Organics products. Buyer assumes all responsibilities other than stated label guarantees. In no event, shall manufacturers liability, or any other recovery, exceed the price of the product which directly, or indirectly causes the alleged damages or personal injury.

BioPlex[®]
Advanced growing solutions

General Information
Bio-Plex 1¥2¥3 Bareroot Soil and Root Inoculant provides an effective three-way agronomic approach to reducing transplant stress, improved rooting, speedier plant establishment, as well as, the overall reduction in plant mortality.

Application Rates
Note - the blue scoop enclosed in each 7 pound product canister will dispense 0.5 oz. per level scoopful. To mix for root dip, add six (6) scoops, 3.0 oz of Bio-Plex 1¥2¥3 Bareroot Dip per each (1) gallon of water. Let stand for 30 minutes to activate. Dip (or soak for 5 min.) bareroot plants prior to transplanting.
