

BioPlex[®] **MicroLogiX**[™] TOA

T/O Aquatic, Bio-Activator-Multiplier

CONTAINS NON-PLANTFOOD INGREDIENT(S):

Concentrated liquid extract of non-living soil bacteria, yeast & fungi cultures.....	10%
Distilled Water.....	90%

USE APPLICATIONS:

MicroLogiX Bio-Activator Multiplier is designed to exponentially increase microbial populations when utilized in HIGHLY managed turf thatch - soil - and aquatic applications. It can be effectively utilized as a stand-alone product if microbial population densities are adequate, or utilized to help accelerate the microbial multiplication process in like applications. Excellent in ALL APPLICATIONS when used in tank-mix combination with **TerraLogiX TSP** and **AquaLogiX MUCK**.

CAUTION:

- Keep out of the reach of children and pets.
- Do NOT swallow, inhale or ingest.
- Do NOT tank-mix with slow-release fertilizers.
- Do NOT spray on wood buildings, fence posts, power poles, or telephone poles.
- To Avoid Plugging: Premix in water before adding to spray tank.

Net Contents: 16 fl. oz. (1 U.S. Pint - 473 ml.)

DIRECTIONS:

General Use: **MicroLogiX** can be applied with most soluble liquid fertilizers (do not use with slow release fertilizers), herbicides and pesticides. Apply **MicroLogiX** at the rate of 12.5 ounces per acre or 1 gallon per 10 acres (0.94liters per hectare). Dilute with sufficient water (38-60 gallons tank-mix per acre) to get uniform coverage of the soil. Apply just before, during, or immediately after overseeding/sprigging/sodding for maximum benefits. Apply to Roundup® treated turf residues after it turns brown, prior to seeding, to promote decomposition and soil improvement. Apply **MicroLogiX** anytime there is adequate moisture available (Natural or irrigation) to move it into the soil.

Greenhouse and Nursery Use: Mix 1 part **MicroLogiX** in 4,000 parts water and apply resulting solution at the rate of 60ml per plant in greenhouse beds or pots.

STORAGE:

Store below 120 degrees F. Keep out of direct sunlight.

STATEMENT OF WARRANTY:

The manufacturer warrants that the contents and net weight are stated within lawful limits and that the product is reasonably fit for the purposes stated on the label when used in accordance with directions and under normal conditions of use. Ineffectiveness or other consequences may result due to weather conditions, mixture with other products or the manner of use or applications, all of which are beyond the control of the manufacturer. The manufacturer makes no other warranties, express or implied, and shall not be liable for direct, consequential or incidental damages. No modification of this warranty is valid unless made expressly in writing and signed by the manufacturer. **MicroLogiX** is a sterile (Contains no live organisms), product, has low toxicity to humans and is safe to handle when used as directed.
